I understand this is not a contract or offer to purchase. It is a description of the optional products that are available to purchase and the estimated monthly payment for each choice. I understand I must qualify to obtain financing and the payment may vary based on my credit. The base payment on 72 months is \$551.53 on an interest rate of 10.75. The finance charges, amount financed, total of payments, and total of payments including the down payment will be disclosed on my actual finance contract.
